Advanced Beginners #2

Swing Fundamentals, Practice and Play

This program is for anyone who has taken the Beginners Class. It is also good for anyone who may know a little about golf and has been to the driving range, but has not played on a golf course before. This program will cover the fundamentals of the swing, some short game and how to practice. This class will provide practical applications of lessons learned with on course activities.

Class runs for 5 consecutive weeks at 75 minutes per session.

4 to 6 Students in Class **Cost: \$135**

Clubs can be provided if needed.

Short Game

The short game is basically played inside 100 yards and accounts for over 70% of the total game. What kind of scores would you have if you could hit the ball on the green 7 out of 10 times from inside 100 yards and make a one putt?

If you want to lower your golf scores, this is the course that will help you do it the fastest. This class runs 2½ hours and promises to be the best thing you could ever do for your Golf Game. This course will cover reading greens, putting, chipping, pitching and sand play.

4 to 6 Students in Class **Cost: \$65**
